

Careers & Higher Education Fair

18th January 2018

6-8pm

Temporary Sports Hall, T Block Dining Hall & Resource Centre

Open to students Year 9 to Year 13

Foreword

Welcome to the 2018 Careers and Education Fair. This event is designed to help young people and their parents or guardians to find information and make contacts that will help young people make the right education and career choices.

This fair will prove extremely useful to pupils from a variety of year groups:

Year 9: Will soon be considering their Year 10 subject choices. By talking to careers, Further Education and University representatives, Year 9 students and parents can choose subjects relevant to their future goals.

Year 10: This year, students are required to organise and participate in a work experience placement in June. Many career representatives at the Fair currently offer work experience or will be able to suggest organisations that will be able to do so.

Year 11: Will soon be deciding whether to stay on at school in the Sixth Form, go to college, undertake training or enter into employment. The Fair will help with all these possibilities.

Year 12 and 13: Will soon be considering, or in the process of applying for their University or career choices. New to the Fair this year is our Higher Apprenticeships section situated in the Resource Centre which may be of interest to Year 12 and 13 students considering the world of work on leaving school.

We are extremely grateful to the many individuals who have given their time freely, and in many cases travelled long distances, in order to represent their career, college or university. Please do talk to them to find out what they do, how they got where they are and what advice they can offer.

Building & Construction	
Architecture Graham Frecknall Architecture & Design Mr Frecknall Table 17	Mr Frecknall MA (Arch) AA Dipl RIBA is the Principal Architect of Graham Frecknall Architecture & Design. Mr Frecknall founded the company in 1976 following periods of work in public and private offices in Denmark, France and the UK. Since its foundation, approximately half of all projects undertaken by the practice have involved working with existing structures many of which have been ancient monuments or buildings of special historical interest. The practice is concentrating on designs for new buildings based on in-house research for energy efficient and ecologically sound buildings. Work experience may be available.

Monmouthshire Housing Ms Oliver & Ms Campbell Tables 15 & 16	Monmouthshire Housing can provide advice on Surveying, Property Development, Housing Management and the Construction Trades. Ms Oliver manages the Trade Operatives which cover trades such as heating engineers, plumbers, electricians, carpenters, painters and plasterers. She has progressed in her career since leaving Monmouth Comprehensive School; she started work as a Clerical Assistant. Ms Oliver undertook higher qualifications whilst working and has achieved a Masters in Business Administration. Ms Campbell commenced her Plumbing Apprenticeship with MHA in September 2016. Work experience is available.
Can advise on: <ul style="list-style-type: none"> • Trade apprenticeships • Carpenters • Electricians • Heating engineer • Painters/Decorators • Plumbers • Human Resources • Finance • IT • Administration • Managerial • And many more 	
Construction Industry Training Board Mr Stacey Table 14	The Construction Industry Training Board (CITB) aims for the British construction industry to have a recognized world-class, innovative approach to developing its workforce to deliver quality in the built environment. Its mission is to attract and support the development of people to construct a better Britain. CITB supports the construction industry in three ways: <ol style="list-style-type: none"> 1. Careers: Supporting the promotion of construction as an attractive sector to work in. 2. Standards & Qualifications: Ensuring qualifications and training courses meet the standards employers need. 3. Training & Development: Supporting training provision for a skilled workforce, accessed

<p>Can advise on:</p> <ul style="list-style-type: none"> • All aspects of Graphic Design • And many more 	

Education	
Primary School Teaching Table 62	To be a successful primary school teacher you need a passion to inspire young minds and a commitment to ensuring that every child achieves their potential. As a primary school teacher, you'll develop schemes of work and lesson plans in line with curriculum objectives. Your role will be to develop and foster the appropriate skills and social abilities to enable the optimum development of children, according to age, ability and aptitude. Work experience can be arranged.
Can advise on: <ul style="list-style-type: none"> • Educational careers • And many more 	
Secondary School Teaching Ms Thomas & Ms Hassell Table 61	Come and visit the Secondary School Teaching stand and meet current teacher training students aspiring to teach the next generation of teenagers. Hear their experiences so far, how they chose their university courses and what advice they would give to anyone considering the profession. Work experience can be arranged in some departments at Monmouth Comprehensive School.
Can advise on: <ul style="list-style-type: none"> • Educational careers • And many more 	
Engineering	
General Dynamics UK Ltd Table 8	General Dynamics United Kingdom Limited is a world-class security and defence company. It has been established in the UK for over 50 years and employs over 1,650 people at 10 UK and international facilities. As well as providing the communications system used by the British Army, the company is a leading designer of armoured fighting vehicles, and the provider of innovative security solutions, protecting critical national infrastructure across the world. Work experience may be available but is limited.
Can advise on: <ul style="list-style-type: none"> • Defence Engineering • Software Engineering • Graduate Programmes • And many more 	
Renishaw Mr Biggs Table 9	Renishaw is one of the world's leading engineering and scientific technology companies with expertise in precision measurement and healthcare. The company supplies products and services used in applications as diverse as jet engine and wind turbine manufacture through to dentistry and brain surgery. It is also a world leader in the field of additive manufacturing (also referred to as metal 3D printing) where it is the only UK business that designs and makes industrial machines which 'print' parts from metal powder. Renishaw offers apprenticeships with over 30 years of experience and commitment in training and developing
Can advise on: <ul style="list-style-type: none"> • Engineering careers • And many more 	

	<p>people as part of its award winning scheme. Apprentices gain hand-on experience and nationally recognised qualification through education, training and work-based placements. They get the opportunity to learn from and work with experienced colleagues. They take part in exciting and challenging work placements, working on real projects and products that shape the future of engineering.</p> <p>Work experience can be arranged.</p>
<p>ECITB Mr Lewis Table 10</p>	<p>The ECITB is the statutory skills body for the engineering construction industry in Great Britain. It works closely with employers and the Government to attract, develop and qualify engineering construction personnel in a wide range of craft, technical and professional skills and disciplines.</p> <p>The ECITB provides businesses with the support to train the engineers of today and tomorrow to the highest standards, via a regionally based network of approved training providers.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Engineering careers • And many more 	
Enterprise & Innovation	
<p>Entrepreneurship Big Ideas Wales Ms Rogers Table 19</p>	<p>Big Ideas Wales is aimed to inspire the next generation of entrepreneurs in Wales and encourage young people under 25 to develop enterprise skills whatever their career choice. The project aims to equip young people aged 15-25 with entrepreneurial skills and attitudes to raise their aspirations, so they can fulfil their potential whatever they choose to do.</p>
Environment	
<p>Marine Conservation Society Ms Prior & Ms Griffiths Table 55</p>	<p>Ms Prior is the Beach and River Clean Project Officer at the Marine Conservation Society. She has a BSc in Environmental Science (Marine Conservation) and an MSc in Marine Environmental Management. She leads on MCS's annual beach cleaning event, the Great British Beach Clean as well as working with volunteers around the UK who lead beach clean and litter surveys. She also supports the Waitrose Beach and River Clean-up, increasing engagement through partners and volunteers getting involved.</p> <p>Ms Griffiths is the Education Officer at the Marine Conservation Society and has an extensive background in education in primary schools having taught in Australia and the UK. She develops and leads on delivery of the Society's education programme and materials. The Society has just won an award for its' online content. She trains and</p>

	<p>mentors education volunteers in how to teach about the marine environment in the classroom and has just completed her MSc in Digital Education.</p> <p>Work experience can sometimes be arranged.</p>
Financial Services	
<p>Banking Barclays Bank plc Ms Stait, Ms Wearing, Ms Clarke & Ms Jones Table 4</p>	<p>Barclays is a major global financial services provider engaged in personal banking, credit cards, corporate and investment banking and wealth and investment management with an extensive international presence in Europe, the Americas, Africa and Asia. With over 300 years of history and expertise in banking, Barclays operates in over 50 countries and employs 140,000 people. Barclays moves, lends, invests and protects money for customers and clients worldwide.</p> <p>Ms Stait is a Branch Manager. Ms Wearing is a Business Manager dealing with established businesses in the South East Wales area. Ms Clarke and Ms Jones are both Community Bankers.</p> <p>Work experience can be arranged through the Life Skills programme.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Financial Services Sector • Customer Services • Human Resources • And many more 	
<p>Financial Advisor Ms O'Keefe Table 5</p>	<p>Celandine Ltd provides financial advice for Investments and Saving, Pensions, Tax Planning, Mortgages, Protection and Business Solutions.</p> <p>Ms O'Keefe is the owner of Celandine and having achieved a combination of legal and financial qualifications she has held a number of positions in both finance and law. She now provides a comprehensive planning service to both private and corporate clients.</p> <p>Work experience is sometimes available.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Financial Services Sector • Financial Advice 	
<p>Building Societies Principality Mr Harper & Colleagues Table 6</p>	<p>Principality is the largest building society in Wales and being a mutual, means it is owned by and run for the benefit of its Members; the savers and borrowers.</p> <p>Principality believes that being a responsible business is very important to the customers and staff. Mr Harper is a Local Marketing Manager and has the task of ensuring the organisation does as much as possible to support local communities such as charity fundraising, staff volunteering and local sponsorship. In 2015 it was named Wales' most responsible large Business by Business in the Community.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Financial Services Sector Careers • And many more 	

	<p>There are branches in communities all over Wales and the Borders. The team in Monmouth help local people save money and buy homes, which is what the Principality has been doing for over 150 years.</p> <p>Work experience is not available but latest job vacancies can be viewed on the Principality website.</p>
Healthcare	
<p>Medicine Dr Pierpoint Table 34</p> <ul style="list-style-type: none"> • Medical Careers • General Practitioner • University Application Process • And many more 	<p>Dr Pierpoint is a consultant paediatrician. He graduated from Cardiff Medical School in 1991. He completed his junior training in South Wales and became a consultant in general paediatrics in 2002. He has been involved in undergraduate interviews and training.</p> <p>Work experience can be arranged via the Aneurin Bevan Health Board.</p>
<p>Occupational Therapy Ms Boycott Table 28</p> <p>Can advise on:</p> <ul style="list-style-type: none"> • Medical Careers • Patient Rehabilitation • Patient Care • And many more 	<p>Occupational Therapists work in various different environments helping people to maintain their ability to manage their conditions and improve independence by developing coping strategies in personal care, fatigue management, joint protection techniques, psychosocial issues, cognitive behavioural therapies, ergonomics and leisure pursuits.</p> <p>Ms Boycott works as an Occupational Therapist as part of the Neurodevelopmental Team, Child and Adolescent Mental Health Service (CAMHS), Newport. The team offers assessment and diagnosis for children with neurodevelopmental conditions such as Autism and Attention Deficit Hyperactivity Disorder.</p> <p>Work experience can be arranged via the Aneurin Bevan Health Board.</p>
<p>Radiography Table 29</p> <p>Can advise on:</p> <ul style="list-style-type: none"> • Medical Careers • Diagnostic and Consultancy Skills • And many more 	<p>There are two sorts of radiographer: diagnostic and therapeutic.</p> <p>Diagnostic radiographers employ a range of different imaging techniques and sophisticated equipment to produce high quality images of an injury or disease. Diagnostic radiographers will take the images and very often report on them so that the correct treatment can be given. They use a range of techniques including:</p> <ul style="list-style-type: none"> • X-rays • Ultrasound • Fluoroscopy • CT (computed tomography) • MRI (magnetic resonance imaging) • Nuclear medicine • Angiography. <p>Therapeutic radiographers play a vital role in the</p>

	<p>delivery of radiotherapy services. They are the only healthcare professionals qualified to plan and deliver radiotherapy. They constitute over 50% of the radiotherapy workforce, working with clinical oncologists, medical physicists and engineers.</p> <p>To become a radiographer you will need 5 GCSE passes at grade C or above obtained in one sitting. These must include English or Welsh Language, Maths, Physics and one other science or Science Double Award. A typical A Level offer would be BBB at GCE A Level to include a science subject.</p> <p>As well as academic achievements, it is expected that applicants should have carried out either relevant work experience or some voluntary work and to have looked into the various aspects of the profession.</p> <p>Work experience is available.</p>
<p>Physiotherapy Ms Barker Table 27</p>	<p>Ms Barker works as the Physiotherapy Team Leader in musculoskeletal physiotherapy at Monnow Vale and Chepstow Community Hospitals.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Careers in Physiotherapy • Patient Rehabilitation • Patient Care • Sports Therapy • And many more 	<p>Work experience can be arranged through the Aneurin Bevan Health Board only.</p>
<p>Pharmacy Mr Price Table 33</p>	<p>Pharmacists are responsible for:</p> <ul style="list-style-type: none"> • The quality of medicines supplied to patients • Ensuring that the supply of medicines is within the law • Ensuring that the medicines prescribed to patients are suitable • Advising patients about medicines, including how to take them, what reactions may occur and answering patients' questions.
<p>Can advise on:</p> <ul style="list-style-type: none"> • All pharmacy related careers • And much more 	<p>They also:</p> <ul style="list-style-type: none"> • Advise other healthcare professionals about safe and effective medicines to use • Respond to patients' symptoms and advise of medicines for sale • Provide services to patients such as stopping smoking and blood pressure measurement • Supervise the production and preparation of medicines before they are supplied to patients

	<p>from manufacturers.</p> <p>Pharmacists work in many different work environments. The majority work in community and hospital pharmacies. Some work in production or sales in the pharmaceutical industry. Others may work in prisons, primary care organisations, teaching and research, the military, veterinary pharmacy to name a few.</p>
<p>Dentistry Monmouth Dental Practice Dr Jones Table 32</p> <p>Can advise on:</p> <ul style="list-style-type: none"> • Dentistry roles within Private/NHS sector • Dental Nursing • And many more 	<p>Most dentists work as self-employed practitioners in general practice, providing dental care to the public under the National Health Service and/or privately. Others work in salaried posts within a variety of specialisms in hospital dentistry, community dentistry, the armed forces, corporate practices, industry or university teaching and research.</p> <p>Dr Jones is a former student of Monmouth Comprehensive School. He completed his BDS in Liverpool and since undertaken extra training in orthodontics, implants and restorative dentistry.</p> <p>Work experience can be arranged.</p>
<p>Nursing & Healthcare Cardiff University School of Healthcare Table 56</p> <p>Can advise on:</p> <ul style="list-style-type: none"> • Nursing / Care Careers • Midwifery • Medical Career Applications • And many more 	<p>A nurse is a healthcare professional who is focused on caring for individuals, families, and communities, ensuring that they attain, maintain, or recover optimal health and functioning.</p> <p>Nurses are capable of assessing, planning, implementing, and evaluating care independently of physicians, and they provide support from basic triage to emergency surgery.</p> <p>Specialties include nurse practitioners who work in a role similar to doctors in primary care (general practice) and emergency departments, specialist community public health nurses such as school and occupational health nurses, clinical nurse specialists who provide clinical leadership and education, nurse consultants who provide clinical education and training and conduct research, lecturer-practitioners who work for the NHS and universities, and lecturers who work full time at universities. Other nurses choose to become managers, working in NHS administration.</p> <p>The School of Healthcare Sciences from Cardiff University offers nine undergraduate degree programmes: Diagnostic Radiography, Midwifery, Adult, Children and Mental Health Nursing,</p>

	Occupational Therapy, Operating Department Practice, Physiotherapy, Radiotherapy and Oncology. Please visit their website for further information www.cardiff.ac.uk/healthcare-sciences .
Optometry Specsavers Ms Campbell & Ms Brain Table 30	Ms Campbell completed her BSc in Optometry in 2013. She completed her pre-registration training and qualified as an optometrist in 2014. She joined Specsavers Monmouth in 2015 and carries out sight tests, contact lens fittings, dispenses spectacles and sees patients with eye concerns as emergencies.
Can advise on: <ul style="list-style-type: none"> • Medical Careers • University Applications • And many more 	Ms Brain completed her BA Joint Honours degree in French and Italian in 2012. She joined Specsavers in 2013 as a trainee optical assistant and completed her training in a year. She is now trained in all aspects of dispensing, merchandising and inventory. She enjoys the diverse nature of her work as no two days are the same. She is furthering her training by studying for a Cert 3 which will increase her knowledge of eye problems and dispensing concerns.
Information Technology	
Information Technology Shared Resource Service Ms Stephens, Ms Williams, Mr Millar Table 7	We live in the information age, so jobs in storing, sorting and presenting information are essential. Whether you are programming computers or developing e-learning, for many of these jobs you'll need an analytical mind and an organised approach.
Can advise on: <ul style="list-style-type: none"> • IT Careers • University Courses • And many more 	Shared Resource Service can advise on many aspects of careers in Information Technology.
Languages, Information & Culture	
Archaeology Mr Wilson Table 54	Mr Wilson represents the Monmouth Archaeological Society and can give advice on archaeology, whether it be educational requirements, career prospects or useful contacts/links.
Can advise on: <ul style="list-style-type: none"> • Archaeological Careers • Possible links or experiences • And many more 	
Museums, Arts & Heritage Ms Molson Table 40	Ms Molson graduated with a BA (Hons) in Art History and went on to gain an MA in Museums and Galleries in Education.
Can advise on: <ul style="list-style-type: none"> • Careers in the Culture and Heritage Industry • And many more 	She has over 20 years' experience in the arts and heritage sectors. She has worked for a number of organisations including Kettle's Yard (University of Cambridge). The Corinium Museum. Bristol's

<p>Journalism BBC Wales Ms Dickins Table 37</p>	<p>After graduating in Politics and Sociology Ms Dickins worked voluntarily at a commercial radio station in Exeter whilst being employed as a bar maid. This gave her the journalism bug and she went to Cardiff University to study for a Post Graduate diploma in journalism. She started working at Gwent Broadcasting in Newport and reported on every day of the 1984/5 miner's strike. After this she joined BBC Wales, first as a radio reporter, then a TV reporter, a presenter of Wales Today and then as the BBC Wales Industrial Correspondent. After this she joined BBC1 and BBC2 as a correspondent and presented Working Lunch live from a different part of the UK every day. Following this she became freelance and presented Good Morning Wales, Good Evening Wales and Wales@work for Radio Wales. She became BBC Wales' first Economic Correspondent last autumn.</p> <p>The BBC offers work experience which can be accessed via the main BBC website.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Broadcasting • Journalism • International Correspondence • Television Presenting • And many more 	
Performing Arts	
<p>Theatre & Drama Ms Densham Table 35</p>	<p>Ms Densham has been working in professional theatre, TV and film for nearly 30 years. After training at North Herts Drama school in Hertfordshire, she decided to work in any area of theatre where she could find a job, not only performance. Her first professional acting role was playing principal boy in Hansel & Gretel, with a touring company. From there she took acting roles in film and was blown up in the feature film Robin Hood Prince of Thieves, eaten by zombies in a short festival film called Tocolosh. TV credits include London's Burning, Nuts & Bolts and Pobl Y Cym, Casualty. But her first love has always been theatre, from Shakespeare to pantomime and then working a lot in Theatre In Education, devising and directing as well as performing and teaching. She has even toured Europe as part of the production team with the Indi rock band The Pixies.</p> <p>Ms Densham has worked in stage management, marketing, production, theatre administration and front of house, and learned about film production from her dad, who was a director of photography. She has been writing for theatre for 20 years.</p> <p>When her son was born, she decided to take a break, but through necessity decided to get her teaching qualification so she could work school hours and then be at home during holidays.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Theatre Studies • Stage Management • Technical Theatre • Marketing • Youth Theatre Teaching • And many more 	

	<p><u>Savoy Youth Theatre</u> Ms Densham is the driving force behind the Savoy Youth Theatre and with her amazing team has built it up from 15 children to 70 in the last three years and takes young people from the age of 4 - 24. The group puts on high quality productions from pantomime to Shakespeare and Reviews for local charities, but as well as performing the young people can learn about marketing, stage management, or front of house. There is a huge focus on social and communication skills, allowing young people to build confidence and find their self- esteem through expressing themselves and being heard.</p> <p><u>Spontaneous Productions</u> Her theatre company, now in its 8th year offers a wide range of theatre and drama workshops. She also delivers social and communication workshops, which specialise with those on the Autistic Spectrum. Spontaneous Productions puts on the professional pantomime at the Savoy Theatre here in Monmouth, now in its fourth year. She produces, writes and directs the pantomime and is responsible for employing professional actors plus a stage manager. The production has grown from just 4 shows in its first year to 17 shows in 2013. Ms Densham is still working as an actress when her agent can pin her down for long enough and loves directing, writing and acting equally.</p> <p>If you are planning to go into any area of 'the business', she has probably got some information for you. Should you go to Uni or drama school? What are directors looking for? What is a casting director? Do I need to audition? What jobs are there in theatre? Will I make any money? Can I be famous?</p>
Retail Sales, Customer Service & HR	
<p>Retailing Waitrose Ms Doane & Ms Thomsett Table 45</p>	<p>Waitrose is part of the John Lewis Partnership and what makes them unique is down to the visionary thinking of the founder, John Spedan Lewis. He believed in the 'happiness of all its members' and their 'worthwhile and satisfying employment in a successful business'. He came up with a totally different way of doing business with its employees being called Partners, co-owning the business.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Customer Service Skills • Management • Advertising • Marketing • Retail Skills • And many more 	<p>Today, all 88,900 permanent staff are Partners who own 48 John Lewis shops across the UK, 351 Waitrose supermarkets, an online and catalogue</p>

	<p>business, a production unit and a farm. The business has annual gross sales of over £11 billion.</p> <p>Work experience is available.</p>
<p>Retailing & HR Screwfix Table 46</p> <p>Can advise on:</p> <ul style="list-style-type: none"> • Customer Service Skills • Management • Advertising 	<p>Screwfix started life as the Woodscrew Supply Company in 1979. The company's first mail order catalogue consisted of a single page, solely dedicated to screws. In 1987 this was increased to a four-page version named Handimail offering hardware to DIY and trade professionals.</p> <p>Tom and Abi are experienced retail managers; between them they have worked in retail for 15 years with 6 years' experience with Screwfix. They have both progressed through the Screwfix Management Development program, fast track to Branch Manager which has supported their fast rise to become Store Managers.</p> <p>Abi has more recently worked as a Recruitment and HR advisor and this transition highlights the many careers options that are available following a role in retail.</p> <p>Both will be available to discuss careers available both in Store and at Head Office.</p>
Science, Mathematics & Statistics	
<p>Veterinary Science & Veterinary Nursing Drybridge Veterinary Practice Ms Little Table 58</p> <p>Can advise on:</p> <ul style="list-style-type: none"> • Veterinary Careers • And many more 	<p>Veterinary medicine is the branch of medicine that deals with the prevention, diagnosis and treatment of disease, disorder and injury in animals. The scope of veterinary medicine is wide, covering all animal species, both domesticated and wild, with a wide range of conditions which can affect different species.</p> <p>Drybridge Veterinary Clinic is a two-centre mixed practice based in Monmouth and Coleford and provides veterinary care to a wide range of species – from traditional agricultural practice to people's pets and ponies.</p> <p>Work experience is available.</p>
<p>Food Science & Technology ZERO2FIVE Table 57</p>	<p>ZERO2FIVE Food Industry Centre from Cardiff Metropolitan University will be advising on Food Science and Technology careers in the food and drink manufacturing industry</p> <p>Work experience can be considered.</p>

Security, Armed Forces & Public Services	
<p>Judicium /MI6 Dr Mehta Table 39</p> <ul style="list-style-type: none"> • Can advise on: • Careers in MI6 • Careers in Law • Careers in HR • And many more 	<p>Judicium is a specialist legal consultancy focusing on the 'boring but important' compliance issues faced by every company and organisation in the UK. It has a specialist division which offers a number of school support services such as HR Admin, Legal Support, Health and Safety, School Improvement.</p> <p>Through a School Improvement initiative, Dr Mehta recently led a group of Welsh students to visit the Secret Intelligence Service (popularly referred to as MI6). The students met the Head of Service, who is known simply as "C", the Head of Technology, who is known as "Q" and a number of operatives who discussed the declassified aspects of their work. Dr Mehta will be available to share what the students learnt that afternoon.</p> <p>Work experience can be arranged via Schools Challenge Cymru.</p>
<p>The Royal Air Force (RAF) Table 49</p> <p>Can advise on:</p> <ul style="list-style-type: none"> • Various Career Opportunities 	<p>Today's modern Royal Air Force is the UK's aerial, peace-keeping and fighting force. It is made up of full-time Regulars and spare-time Reserves who come from diverse backgrounds and work side-by-side to make a difference at home and abroad.</p> <p>The RAF has over 3000 vacancies per year. Opportunities exist in a variety of specialisations including Engineering, IT, Intelligence, Aircrew, Logistics, Personnel Support, Airfield Operations and Medicine. Presently they are extremely keen to promote IT, Personnel, Engineer and Catering career choices as well as offering students full or part-time options for employment.</p>
<p>Royal Navy & Royal Marines Lt Cdr Hamer Table 50</p> <p>Can advise on:</p> <ul style="list-style-type: none"> • Various Career Opportunities • And many more 	<p>Can advise on careers including:</p> <ul style="list-style-type: none"> • Aircrew • Air Operations support • Catering and Hospitality • Chaplain • Combat Operations • Communications and Intelligence • Dentistry and Support Dentistry • Engineering and Mechanics (Air Craft) • Fleet Air Arm • Royal Navy Submarines Service • Personnel and Supply Chain • Science / Environment • Seamanship

<p>Welsh Ambulance Service Mr Crowther, Mr Gough, Mr Matthews, Mr Mayze & Mr Hughes Table 53</p>	<p>The Welsh Ambulance Service was established in 1998. The service covers the whole of Wales which is about 8000 square miles and a population of 3 million people. The Service employs 2840 staff and also works with a range of volunteers who support the service.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> Emergency Medical Services Patient Care Services Control & Communications Management & Support 	<p>It provides 2 types of services; unscheduled care and planned patient care services in addition to telephone and web-based advice services through NHS Direct Wales/111. The unscheduled care services (Emergency and Urgent Care Services) provide support to patients with conditions that range from those which are immediately life threatening though to minor injuries. The planned patient care service (Non-Emergency Patient Transport) helps vulnerable and unwell people to get to their hospital appointments and treatment.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> Various Career Opportunities And many more 	<p>There are a wide range of roles across the service from paramedics, nurses, call handlers, control room staff, urgent care assistant, emergency medical technicians, administration staff, management positions and many more.</p> <p>Mr Crowther completed a degree in Paramedic Science in 2005 at the University of Hertfordshire. Upon completion he took a role as a frontline Paramedic in North West London until 2012 when he transferred back to his home town of Cardiff. On returning to the Welsh Ambulance Service he progressed to the role of a Clinical Team Leader in 2014, a role which he held for 2 years before taking an opportunity to be a Locality Manager for the Vale of Glamorgan, being responsible for stations in Barry and Cowbridge. In 2017 Kevin moved to the Aneurin Bevan Health Board area and is currently a Locality Manager in the Caerphilly area.</p>

Social Work, Charity & Counselling Services	
<p>Clinical Psychology Aneurin Bevan Health Board Dr Andrew Table 31</p>	<p>Dr Andrew is a Clinical Psychologist with over 20 years' experience working with individuals experiencing emotional distress and is currently a director of Psychology Wales.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Psychology Careers • And many more 	<p>Psychology Wales was founded in 2004 when Dr Andrew opened a small therapy practice in Risca. Within a few years this expanded to include locations in Newport, Cardiff and Pontypool for therapy and delivering training in mental health and wellbeing throughout the UK. Psychology Wales incorporated in 2014 which opened the doors to being able to expand and promote wellbeing as a preventative resilience building strategy within organisations. The company now employs 6 staff, in addition to a number of visiting consultants and hopes to continue to build on its' reputation as providing high quality psychological wellbeing services throughout Wales and the UK.</p> <p>Dr Andrew has additional therapy training in CBT, DBT and EMDR. She has held chartered status with the British Psychological Society since 2004, is on the BPS Register of Supervisors and has current HCPC registration. In addition to individual therapy Catherine has multiple experience of providing training, consultancy, supervision and support to a range of health and social care professionals. She is an accredited APT tutor writing and delivering training packages throughout the UK on mental health issues.</p> <p>www.psychologywales.co.uk</p>
<p>Youth Enterprise – Post 16 Ms Edwards Table 60</p>	<p>Youth Enterprise provides a work-based learning programme for young people who have just left school who may be struggling to decide what to do next to progress.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Working with young people • Community and volunteer work 	<p>Whether college, training or employment, it provides a BTEC qualification aimed at preparing and building confidence to help make progression become a reality. It offers a work placement opportunity with real time experience in which young people can develop their skills and knowledge to enhance their prospects further.</p> <p>Work experience can be arranged.</p>

<p>Charity Work The Orchard Trust Ms Howard, Ms Love & Ms Love Table 26</p>	<p>The Orchard Trust is a charity based in Lydbrook in the Forest of Dean. It supports people with Learning Disabilities. It has residential and supported living homes throughout the Forest of Dean as well as a smallholding, education centre, swimgym and a training facility.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Various Career opportunities within the charitable sector • Working with those with Learning Disabilities 	<p>Ms Howard deals with staff recruitment, apprentices, work placements and all general administration duties. She runs a parent support group as she has a child with learning disabilities and understands the concerns of parents and their children moving into a residential setting. She also assists with staff training in autism.</p> <p>Ms Love has many years' experience as a support worker for people with disabilities as well as being an experienced trainer in many health and social care courses.</p> <p>Work experience is offered in a variety of settings and Health & Social Care apprenticeships are offered in conjunction with Gloucestershire College.</p>
<p>Social Work Ms Heaney & Ms Green Table 44</p>	<p>Social Workers work with people to support them through difficult times and ensure that vulnerable people, including children and adults are safeguarded from harm. Their role is to provide support to enable service users to help themselves. They maintain professional relationships with service users, acting as guides and advocates. They sometimes need to use their professional judgment to make tough decisions that might not always be well received by all service users.</p>
<p>Can advise on:</p> <ul style="list-style-type: none"> • Various Career Opportunities within the Social Work framework • And much more 	<p>Social workers work in a variety of settings within a framework of relevant legislation and procedures, supporting individuals, families and groups within the community. Settings may include people's homes, schools, hospitals or other public sector or voluntary organisation premises.</p> <p>The type of people they work with include:</p> <ul style="list-style-type: none"> • Young people and their families • The elderly • People with learning and physical disabilities • Young offenders • People with mental health conditions • School non-attenders • Drug and alcohol abusers • Homeless people

	<p>Ms Heaney has been working in Monmouthshire County Council since 2013 as the Designated Lead Officer for Safeguarding in Education. She qualified as a Social Worker in 1988 after training in London for 4 years. She has worked as a Social Worker, Senior Practitioner, Team Manager, Independent Reviewing Officer and a Child Protection Coordinator before moving to Monmouthshire in 2013. Throughout her career she has worked in Local Authorities across South Wales and all of her jobs have been focused on listening to children and young people and keeping them safe. In her current post she supports schools with their arrangements to safeguard children and young people. She had been interested in becoming a Social Worker from a young age and still cannot imagine another career that she would prefer!</p> <p>Ms Green had a 24 year career in Local Government before becoming a Social Worker. She worked in the Chief Executive's department with Elected Members and supported the Scrutiny process which was designed to hold the Executive decision makers to account. As part of this work she worked closely with the Social Services Scrutiny Committee and was inspired by the work they did with vulnerable children and adults. In 2012 she went to university to retrain as a Social Worker. Her third year placement was with the Children with Disabilities Team for Monmouthshire County Council. The Team is responsible for all elements of child care practice and it works in accordance with the All Wales Child Protection Procedures and the newly established Social Services and Well Being (Wales) Act 2014. Having qualified she was fortunate to secure employment with Team and has been with them for 3 years.</p> <p>Work experience may be available – see Mrs Kirsten Jones for details.</p>
Sport, Leisure & Tourism	
<p>Welsh Rugby Union Table 22 Can advise on:</p> <ul style="list-style-type: none"> • Careers within Rugby Union • Apprenticeships • And much more 	<p>The Welsh Rugby Union (WRU) (Welsh: Undeb Rygbi Cymru) is the governing body of rugby union in Wales, recognised by the sport's international governing body, World Rugby.</p> <p>The WRU are responsible for the running of rugby in Wales, overseeing 320 member clubs, the Welsh national team and National Leagues and Cups.</p>
